

WHAT IMPACT WILL PRESIDENT OBAMA HAVE ON RESPECT FOR LIFE?

How should we respond? Guest speaker Jill Stanek weighs the answers.

A registered nurse with a “nationwide following” (Chicago Tribune), Jill Stanek will explain the urgency of responding to our new president.

Jill has been featured on the O’Reilly Factor, Hannity and Colmes, and many other shows, where she revealed her hospital’s practice of leaving newborn babies to die in a soiled hospital utility room.

She has testified in favor of life before Senator Obama in Illinois, as well as before the U.S. Congress.

Jill is a dynamic speaker. Check out her blog at www.jillstanek.com!
